

## 2. Tell us your job classification

- Read the below descriptions of the five job classifications carefully, as they're used to work out how much your insurance costs.
- If you're retired or not working, select 'light manual'.
- Your selected job classification will apply to all your insurance with us. Any new insurance premiums will apply to your total insurance cover, including existing Basic or Voluntary Insurance Cover, from the date we receive this form and your application is accepted by our insurer.

### Mark 'X' in one box

- Professional:** You work in a predominantly office based sedentary occupation for over 80% of your total work time and earn more than \$80,000 pa, excluding employer super contributions, so long as you're not defined as 'mining'.
- White collar:** You work in a predominantly office based sedentary occupation for over 80% of your total work time and earn \$80,000 pa or less, excluding employer super contributions, so long as you're not defined as 'mining'.

For the **professional** and **white collar** classifications, it's important to select the classification that reflects your circumstances. We'll record your job classification according to what you tell us. Refer to the Product Disclosure Statement (PDS) and Insurance Guide for more information about job classifications and salary, and how it may impact your insurance.

This category includes duties such as carpenter, electrician, plumber and factory production manager.
- Heavy manual:** You perform heavy manual work or work in an **open-cut mine** for more than 20% of your total work time and spend less than 5% of your work time in an underground mine, so long as you're not defined as 'mining'. - Mining:** You perform light or heavy manual work in an **underground mine** for more than 5% of your total work time or work in any other high risk occupation agreed between Mine Super and the insurer.
